

NEW FOR 2005...

Diesel Powered Ride-On Tandem Drum Roller

Model AR-13D

**The ideal machine for asphalt
and soil applications — perfect
for parking lots, driveways,
road repair and patchwork.**

Construction Starts Here

Diesel Powered Ride-On Tandem Drum Roller

AR-13D — Versatile Workhorse!

Designed specifically for compacting asphalt and sub-layer granular and mixed soils, the AR-13D is a lightweight, but heavy-duty roller.

- **Hydrostatic drive with infinitely variable speed control** for both forward and reverse travel. Allows smooth starts and stops as well as even operation, to help eliminate asphalt marring.
- **Maintenance-free vibratory assembly** reduces service time.
- **Five-year warranty on drive motors.**
- **23.6 HP Vanguard/Daihatsu diesel engine**
- **3,100 lbs. centrifugal force**
- **4,000 vibrations per minute**

AR-13D Specifications

Impact Force	3100 lbs. (67 kg)
Frequency	4,000 VPM (67 Hz)
Drum Width	35.7 in. (91 cm)
Overall Width.....	39 in. (99 cm)
Overall Length.....	91 in. (231 cm)
Curb Clearance	7¾ in. (19.7 cm)
Travel Speed	0 - 4.8 mph (0 - 7.7 kph)
Engine	Vanguard/Daihatsu Diesel
HP	23.6 (17.6 kw)
Start Method.....	Electric
Fuel.....	Diesel
Water Tank	60 gal. (227 lt)
Operating Weight	3,142 lb. (1425 kg)
