

Moonlight Glare-Free Lighting System

**PRELIMINARY
INFORMATION**

Rugged, glare-free light

Construction Starts Here

Moonlight Glare-Free Lighting System

Multiquip's new Moonlight Glare-Free Lighting Systems provide illumination without the need to constantly inflate the balloon.

Choose from 150 watts, 400 watts and 1000 watt outputs to match your needs and lighting requirements. Convenient push carts, wheeled stands and simple tripod stands support the balloons at various heights.

- Fast setup and illumination
- Long life bulbs — up to 10,000 hours
- Durable PVC balloon material
- Easy transport
- Glare-free light
- Infinite applications...
 - Security lighting
 - Traffic control
 - Freeway projects
 - Jobsites
- Emergency lighting
- Indoor lighting
- Corporate functions
- Backyard parties
